Compiled as a Public Service in Cooperation with the
Massachusetts Property Insurance Underwriting Association

Mission Statement

The mission of the Department of Fire Services is, through coordinated training, education, prevention, investigation, and emergency response, to provide the citizens of Massachusetts with the ability to create safer communities; to assist and support the fire service community in the protection of life and property; to promote and enhance firefighter safety; and to provide a fire service leadership presence in the Executive Office of Public Safety and Security in order to direct policy and legislation on all fire related matters.

I am pleased to forward to you the 2018–2019 Massachusetts Fire Service Resource Directory which is provided as a public service to our fire service constituency. I would take this opportunity as well to thank one of our true partners, the Massachusetts Property Insurance Underwriting Association and their president, Mr. John K. Golembeski, for working on statewide fire prevention programs with the Department of Fire Services over the years and for providing the resources to publish this directory.
